

# ZULKIFLI S.KOM

## FULL STACK DEVELOPER

Mamuju, Indonesia | 085955126468 | [kifliaapp@gmail.com](mailto:kifliaapp@gmail.com) | [zulkiflidev.pro](http://zulkiflidev.pro)

### PROFILE

Results-oriented Full Stack Developer with over 3 years of experience in building scalable business systems, including ERP, POS, and Inventory Management. Proficient in the React ecosystem (Next.js, React Native) and Node.js. Proven track record of delivering 10+ production-level projects that improve operational efficiency and digitalize business processes. Strong focus on system stability, code maintainability, and user-centric design.

### PROFESSIONAL EXPERIENCE

**Full Stack Developer (Project), PT BENTENG** **Apr 2024 — Jan 2025**

**INFORMATIKA INDONESIA**

Wajo, Indonesia

- Architected and developed a comprehensive Academic Information System (SIKAD) featuring KRS management, and automated grading.
- Successfully integrated the system with NEOFEEDER for seamless data synchronization.
- Built a scalable and structured backend using Node.js, frontend Next.js and Docker to ensure high availability.
- Impact:** Achieved full digitalization of academic processes, significantly reducing administrative workload.

**Full Stack Developer (Project), RSUD Siwa** **Apr 2024 — May 2025**

Wajo, Indonesia

- Architected and developed "SIPRO," a comprehensive medicine delivery tracking system consisting of a Laravel backend and a React Native (Expo) mobile application.
- Engineered seamless integration with the existing Hospital Management Information System (SIMRS) via RESTful APIs for real-time data synchronization.
- Implemented features for pharmacists, admins, and patients to track medicine status from prescription to delivery.
- Tech Stack: Laravel (Backend), React Native, Expo, MySQL, REST API.
- Impact:** Digitalized the medication distribution workflow, ensuring 100% transparency and reducing patient waiting time.

**Frontend Developer (Project), PT UNITY NICKEL** **Oct 2023 — Mar 2024**

**ALLOY INDONESIA**

Makassar, Indonesia

- Developed a custom Web ERP (Smart Inventory) specifically for a nickel mining company.
- Built critical modules including Sales, Purchasing, Warehouse Management, and Accounting.
- Implemented Role-Based Access Control (RBAC) to secure sensitive corporate data.
- Impact:** Centralized operational reporting and inventory control, improving audit readiness.

**Mobile Developer, PT. Ide Kreatif Asia** **Jul 2022 — Sept 2023**

Makassar, Indonesia

- Developed a Multi-Service PPOB Mobile Application using React Native and TypeScript.
- Implemented real-time transaction features (Credit, E-Wallet, Bill Payments) with robust error handling.
- Optimized application performance and user experience, ensuring smooth operation across various devices.
- Impact:** Facilitated secure and rapid digital transactions for thousands of users in a single app.

### EDUCATION

**Universita Dipa Makassar** **Sept 2017 — Mar 2022**

S1 - Teknik Informatika, Makassar, Indonesia

**SMK Negeri 1 Rangas Mamuju** **Jun 2015 — May 2017**

Multimedia, Mamuju, Indonesia
